

Stephanie Curtin, Anne Line

Stephanie Curtin presented the Carol Baldwin Breast Cancer Research Fund with a gift from her first fundraising adventure. Her campaign “Sign for a Cure” was an idea she had to honor her mother a breast cancer survivor.

Stephanie’s mom Susan made the t-shirts and Stephanie had friends, family and anyone who donated a \$1 sign the shirts. Her goal for this first time event was \$243. She presented the Carol Baldwin Fund a check for \$1,800 (far beyond her goal) along with the signed t-shirt which hangs proudly in our office.

Stephanie and her mom Susan are already working on her shirts for this year. She plans on making this an annual event. From all of us at the Carol Baldwin Breast Cancer Research Fund we thank Stephanie and her family for supporting breast cancer research.
